

2024 Spring Plein Air Painting Retreat

Pierce Cedar Creek Institute in Hastings, MI

April 29 - May 5

It's always a treat to be able to focus on creating and talking about art. Usually those experiences are interrupted by everyday life, so a trip like this is an opportunity for true immersion. It's an opportunity for you to nourish your creative spirit. All artists are welcome! We will have critiques, programs, artist's rummage and book sale, and an art exhibit and sale. And lots to paint.

Housing is offered on the grounds of the institute. Lodging plus meals;
